**Subject:** Chuitna and Pebble Follow up

I talked with Hanh about our continually delayed team meeting. We agreed to talk about a date after the Chuitna hydrology meeting on August 26th. Ideally we would meet face-to-face which requires travel by several people. If we travel it makes sense to hold a Pebble meeting at the same time. I have left him a message informing him of the Chuitna meeting and requesting that we discuss it. I hope to hear back from him soon.
